

36. English as an Additional Language (EAL) Policy

Policy Valid until Autumn 2025

Policy owned by Head teacher

For and on behalf of the

Board of Governors

.....

Headteacher

.....

Date:

This policy is a statement of St Joseph's Catholic Primary School's aims and strategies to ensure that all EAL pupils fulfil their true potential.

Introduction/Mission statement

All pupils need to feel safe, accepted and valued in order to learn effectively and become successful members of society. For pupils who are learning English as an additional language, this includes recognising and valuing their home language and background. As a school, we are aware that bilingualism can be a useful learning tool and that all EAL pupils can make a valuable contribution to their school community. We take a whole school approach, including ethos, curriculum and education against racism.

Aims of the EAL Policy

The policy aims to raise awareness and to support planning, organisation, teaching and assessment procedures, and the use of resources and strategies to meet the needs of pupils who have English as an additional language (EAL); therefore raising pupil achievement and aspirations.

1. Equality

To be proactive in removing barriers that stand in the way of our EAL pupils' learning and success.

2. Diversity

To meet our responsibilities to EAL pupils by ensuring equal access to the whole curriculum and the achievement of their educational potential.

3. Belonging and Cohesion

To provide our EAL pupils with a safe, welcoming, nurturing environment where they are accepted, valued and encouraged to participate.

Objectives of the EAL Policy

- To assist all EAL pupils to become fluent English speakers as quickly as possible.
- To assist and support all EAL pupils in their acquisition of English language skills.
- To develop staff expertise to ensure that all EAL pupils attain levels of achievement appropriate to their intellectual abilities.
- To develop rigorous monitoring, evaluating and review systems.

The Context of St Joseph's Catholic Primary School

At our school, there are approximately 10 languages spoken in the family home (not including dialects).

On entry to the school, information is gathered about:

- Pupils' linguistic background and competence in other language/s
- Pupils' previous educational experience
- Pupils' family and biographical background
- Pupils' are assessed within two weeks of entry

A member of the SLT is nominated to have responsibility for EAL.

Key Principles of additional language acquisition

EAL pupils are entitled to the full National Curriculum programme of study and all their teachers have a responsibility for teaching English as well as other subject content.

Access to learning requires attention to words and meanings embodied in each curriculum area.

Meanings and understanding cannot be assumed, but must be made explicit. Language is central to our identity. Therefore, the home language of all pupils and staff should be recognised and valued. Pupils should be encouraged to maintain their home language.

Although many pupils acquire the ability to communicate on a day to day basis in English quite quickly, the level of language needed for academic study is much deeper and more detailed, and can require continuing support for up to ten years.

Language develops best when used in purposeful contexts across the curriculum. The language demands of learning tasks need to be identified and included in planning. Teaching and support staff play a crucial role in modelling uses of language. Knowledge and skills developed in learning the first language aid the acquisition of additional languages. A clear distinction should be made between EAL and Special Educational Needs.

The Welsh Government 5 Stage Model for Language Acquisition

A. New to English

A child may:

- Use first language for learning and other purposes.
- Remain silent in the classroom.
- Copy/repeat some words and phrases.
- Understand some everyday English expressions but have minimal or no English literacy.

Needs considerable amount of EAL support.

B. Early Acquisition

A child may:

- Follow day-to-day social communication in English.
- Begin to use spoken English for social purposes.
- Understand simple instructions and follow narrative/accounts with visual support.
- Develop some skills in reading and writing.
- Become familiar with some subject specific vocabulary.

A child at this stage still needs significant support.

C. Developing Competence

A child may:

- Participate in learning activities with increasing independence.
- Express themselves orally in English but structural inaccuracies are still apparent.
- Requires ongoing support in literacy, particularly for understanding text and writing.
- Follow abstract concepts and more complex written English.

A child at this stage requires ongoing support to access the curriculum fully.

D. Competent

A child may:

- Be developing oral English well, allowing successful engagement in activities across the curriculum.
- Read and understand a wide variety of texts.
- Written English may lack complexity.
- Demonstrate evidence of errors in grammatical structure.

A child at this stage needs support to access subtle nuances of meaning, to refine English usage, and to develop abstract vocabulary.

E. Fluent

A child at this stage can operate across the curriculum to a level of competence equivalent to that of a pupil who uses English as his/her first language.

Assessment

All EAL pupils are assessed in line with the school's assessment procedures within the first two weeks of their arrival in school.

Staff have the opportunity to discuss pupils' progress, needs and targets with senior leaders. Progress in the acquisition of English is regularly assessed and monitored.

Assessment methods are checked for cultural bias which may cause results to be inaccurate and action is taken to remove any that is identified.

Consideration and sensitivity is given to the appropriateness of testing EAL pupils at the earlier stages of English acquisition.

Planning, Monitoring and Evaluation

Targets for EAL pupils are appropriate and challenging.

Planning for EAL pupils may incorporate both curriculum and EAL specific objectives.

Staff regularly observe, assess and record information about pupils' developing use of language.

Interventions, as required, are set and evaluated every half term.

Language plans are set and assessed half termly.

Teaching Strategies and Pedagogical Approaches

The curriculum is personalised and this helps the children to use their prior knowledge and experience. The speaking and listening is always the starting point of a new topic or activity and writing is always the last step.

The grammatical rules and the sentence structures are taught within the context of the different topics and genres. Visual resources are used to aid their learning.

Strategies

Staff use support strategies to ensure curriculum access:

- Collaborative group work
- Enhanced opportunities for speaking and listening
- Effective role models of speaking, reading and writing
- Additional verbal support-repetition, alternative phrasing, peer support
- Additional visual support, e.g. posters, objects, non-verbal clues, pictures, demonstration, use of gesture, etc.
- Bilingual resources, e.g. dictionaries, on-line support, bilingual staff/pupils, texts, key word lists
- Writing frames, directed activities related to texts
- Opportunities for role play
- Regular feedback from staff
- Opportunities to focus on the cultural knowledge explicit or implicit in texts
- Discussion provided before and during reading and writing activities, using preferred language where appropriate
- Learning progression moves from concrete to abstract
- Further support for pupils' language development is provided outside the formal curriculum, e.g. in assemblies, school clubs, homework clubs, etc.

EAL with Disabilities and/or, Special/Additional Educational Needs and those who are More Able and Talented

We recognise that intelligence is not measured in the ability to speak English fluently.

Should SEN/ALN be identified, EAL pupils have equal access to school's SEN/ALN provision.

EAL pupils identified as MAT have equal access to school's provision.

Parental/Community Involvement

At St Joseph's Catholic Primary School we encourage parental and community involvement by:

- Providing a welcoming induction process for newly arrived pupils and their families/carers.
- Use translators and interpreters, where appropriate and available, to ensure good links are made between the Family and the school.
- Identify linguistic, cultural and religious background of pupils and establish contact with the wider community
- Celebrate and acknowledge the achievements of EAL pupils.
- Recognising and encouraging the use of first language to develop positive links between school and home.
- Support parents, so they can help their children at home.
